

Announcement: Dated July 28th, 2011.

In a review of CanNACHI's Continuing Education Policy the Board of Directors decided to amend the number of CEC (hours) per year from 50 to 30 due to members feedback that the 50 hours was a difficult challenge to attain. Even with 30 CEC/yr. CanNACHI has the highest standard in the industry.

Announcement: Dated May 1st, 2011.

We would like to inform the public that all our members have mandatory training as part of their Continuing Education Requirement. All members are now required to do the mini courses now being made available (free to Members) on the CanNACHI website. See the "Continuing Education Policy" link under the "Inspector Education" tab – about half way down the page you will find Mandatory Member Training. These courses will create a stronger confidence level in society when home buyers hire a CanNACHI inspector.

BUSINESS PRACTICES & CONSUMER PROTECTION AUTHORITY of BRITISH COLUMBIA

Updated Jan. 8th/2010

2010 updates to all our CanNACHI members as to the licensing in BC:

On behalf of all the directors we shall keep everyone posted here as to upcoming announcements and events.

On Behalf of the Canadian National Association of Certified Home Inspectors ☐ ☐

Dated Jan 21st, 2010

After many months of hard work from everyone involved with the CanNACHI association we are pleased to announce our tentative approval of accreditation from the Consumer Protection BC (they are responsible for licensing and administering BC's Home Inspector regulations). Home inspectors who meet the **Associate** and **CMHI** requirements of CanNACHI may now be able to qualify for a licence in British Columbia.

Consumer Protection BC shall also be posting CanNACHI and communication materials for the public and industry on their website next week. CanNACHI will keep everyone posted as to our expansion into British Columbia as things progress.

While CanNACHI moves forward in all provinces with other Canadian recognized associations to better the home inspection industry in providing fairness and leadership for our members by achieving equality if and when licensing does commence.

We would like to thank all our members and everyone who has been involved within our development process.

Regards

All the Directors of CanNACHI
